Exemption Due to Physical Condition or Medical Circumstance

I understand that due to the pandemic, combined with any additional personal risk factors (school exposure, comorbidities, congregate or group living status, etc.) the child may be at increased risk of acquiring COVID-19 with the potential for severe and fatal consequences. I have reviewed information about this vaccine and discussed with my medical professional the risks and benefits of my child not being vaccinated.

I understand that, whenever the District has good cause to believe that a pupil who is not completely immunized against a particular communicable disease may have been exposed to that disease, the District shall immediately inform the local health officer. The local health officer shall determine whether the pupil is at risk of developing or transmitting the disease and, if so, may require the exclusion of the pupil from that school until the completion of the incubation period or, if infection is suspected or occurs, until completion of the period in which the disease is communicable.
